

April – July 2009 Issue

Milestones

Janet Morra, AIA, LEED AP, principal with Margulies Perruzzi Architects (formerly Margulies & Associates) is pleased to announce that 12 of the firm's professional staff have recently achieved recognition as Leadership in Energy and Environmental Design (LEED®) Accredited Professionals, joining the four staff members already accredited. Sixty percent of Margulies Perruzzi Architects' professional staff are now LEED APs. Margulies Perruzzi Architects recently completed the design of 45,000 square feet of office space for Fiduciary Trust Company at 175 Federal Street in Boston, as well as the design of a major expansion and renovation for the Edgewood Retirement Community in North Andover, Massachusetts. Additionally, the Architectural Record Photo Gallery recently published photos of several MPA projects: The Stateroom, Covidien, Intercontinental, Sapien, Blue Cross Blue Shield of Massachusetts Hingham and Quincy projects, and ManuLife.

Janet Morra, AIA, LEED AP, principal at Margulies Perruzzi Architects, is pleased to announce that the firm's work on the corporate headquarters for Nuvera Fuel Cells in Billerica, MA. was honored with an Interior Design Award in the Office Category from the International Interior Design Association (IIDA) of New England. Margulies Perruzzi Architects was also awarded the Brick in Architecture Bronze Award for its work on the Blue Cross Blue Shield South Shore headquarters in Hingham, Mass.

Wiretaps

Janet Morra, AIA, LEED AP, principal with Margulies Perruzzi Architects, is pleased to announce that the firm's office recently achieved LEED Silver certification. The firm was also selected to design 8,000 square feet of office space for MOCA Systems, Inc. in Newton, Mass.
