---

Fallon Clinic's ReadyMED walk-in medical clinic officially opened today at 222 Boston Tpke. in Shrewsbury. The clinic is the first fully physician-staffed walk-in clinic for adults, children and infants in Central Massachusetts, Fallon said. The clinic includes X-ray and laboratory services. Tuesday, Fallon, along with architects from Margulies Peruzzi Architects and contractor Cutler Associates, held a ribbon-cutting at the site.

Fallon said the clinic is different from others in that a physician, advanced practitioners and other medical staff are always on-site. The clinic will be open from 1 p.m. to 9 p.m. during the week and from 9 a.m. to 9 p.m. on weekends.

Fallon Clinic is a multi-specialty medical group based in Worcester.
