

## Margulies & Associates Creates Timeless Interior Design for The Coyle Company

**BOSTON, MA - October 11, 2005** - Margulies & Associates, one of Boston's most innovative architectural and interior design firms, announced today the completion of interior renovations to 5,000 square feet of Class A office space for The Coyle Company in Waltham, Massachusetts.

Founded in 1981, The Coyle Company focuses exclusively on estate and generational planning for high net worth clients. With a professional staff of 12, The Coyle Company needed more space so it relocated to another floor in the same building. Margulies & Associates based the interior design on a palette of classic neutrals of varying textures offset with accent paints and original artwork.

"Margulies & Associates - especially our project manager Jennifer Latto - did an incredible job. There is such a great sense of color and proportion in the design of the space," said Janet Coyle, president of The Coyle Company. "Margulies & Associates created a unique employee area with a balcony. The kitchen is surrounded by windows and I can honestly say that it has changed the nature of lunch at our company."

"The Coyle Company needed interior design that reflected the personality of the firm: comfortable but contemporary, modern, elegant and substantial," said Marc Margulies, AIA, principal of Margulies & Associates. "We try to create timeless interior design that reflects the culture and personality of our clients."
