

Margulies Perruzzi Architects Selected by MOCA Systems for Office Design

Program and Construction Management Firm Strives for LEED® Certified Office

BOSTON, Mass. – June 16, 2009 – Margulies Perruzzi Architects (formerly Margulies & Associates), one of Boston's most innovative architectural and interior design firms, today announced that it has been selected to design 8,000 square feet of office space for MOCA Systems, Inc. MOCA Systems is a nationally recognized program and construction management firm that provides capital program and asset management solutions to clients across the globe.

Relocating its corporate headquarters from Watertown to Newton, Massachusetts, MOCA Systems was seeking to expand its office using sustainable building practices. MOCA Systems selected Margulies Perruzzi Architects based on the firm's breadth of experience designing corporate LEED certified projects. Margulies Perruzzi Architects is providing architectural and LEED documentation services for the project. Upon completion in October 2009, the new MOCA Systems office will apply to become LEED Certified.

Strategic Workspaces of Boston is providing interior finishes and furniture selection. Kennedy Ventures is the design-build contractor for the project.

About Margulies Perruzzi Architects
