

## Margulies & Associates Named Hot Firm

**BOSTON, Mass. – July 19, 2006** – Margulies & Associates, one of Boston’s most innovative architectural and interior design firms, announced today that it was included on The Zweig Letter 2006 Hot Firm List of the 100 fastest-growing architecture, engineering, planning, and environmental consulting firms in the country.

Mark Zweig, founder of ZweigWhite, said, "The firms that made this year's Hot Firm List should be proud. With a record number of entries, it was the most competitive list we've ever put together. Firms that commit to revenue growth while investing in marketing, information technology, and other infrastructure are usually the most successful in our industry. They have shown they have the ability to sustain their success, year after year. The hottest firms in the business—those with consistent growth and success at outperforming the economy and their peers—are the ones that attract top staff and the best clients."

The Zweig Letter 2006 Hot Firm List is based solely on gross revenue for both fiscal year 2002 and fiscal year 2005, as verified by financial statements or income tax returns reviewed by third parties. Firms were ranked from first to last based on percentage growth and dollar growth. Dollar growth and percentage growth were weighted equally to give both small and large firms an opportunity to make the list. Each firm's two rankings were added together, and the 100 firms with the lowest combined rankings comprise the list.

“We are proud to be recognized by ZweigWhite as one of the 2006 Hot Firms,” said Marc Margulies, AIA, principal of Margulies & Associates. “We hire when we find the right people that we know will be

a great fit with the firm – not simply to staff new projects. We believe this has helped our firm to grow and prosper while delivering exceptional design for clients.”
